

Info: Rasputin is a super stallion! He has an amazing temperament and is so easy to handle, if he was to be schooled he would do brilliantly in the show ring. He is a half brother to Shar Rushkin, who was exported in 2006 and ran top ten in Aachen world champs and has since then won many times in Europe as well as UAE and Bahrain. Rasputin has competed in endurance rides and has fantastic pulses. He is breeding stunning, athletic foals and we have many of them on the farm to prove it! We are only selling him because we have too few mares to breed him to, he is wasted, and we have bred a lovely colt from him which we are keeping!
